Ponderings of the Preacher . . .

This past Sunday, we distributed the book *Take God at His Word* written by Dr. Kregg Hood. This begins a four week series of sermons and lessons on the topic of giving. However, I do not want you to think that this is only about giving. The purpose of this study goes far beyond the goal of increasing our giving. This study will help us experience the blessings that God wants to share with His children. This book and the sermons and lessons that accompany it will help us all better understand what the Bible has to say about money, financial decisions, and trusting God to care for our every need.

Doug Parsons a minister near Houston, Texas wrote the following about *Take God at His Word*.

Money, money, money. Everybody has his hand out.

There is a style of asking for dollars that offends. Instead of trying to sweet talk, harass, coddle or plead – why not try the scriptural way of giving? That's why Dr. Kregg Hood's new book, *Take God at His Word*, is so on target. In this small, easy-to-read, but dynamic book, he presents a biblical, honest, and encouraging study of the promises of God as they pertain to giving. It is an excellent guide because it covers a subject on which, we need a sound, biblical perspective. I recommend it to all who seek to do God's will.

For many of you, the book will simply be a confirmation of truths you have already discovered and experienced. You have been practicing biblical stewardship for a long time. That's okay because we all need to be reminded periodically of the truths found in God's Word. Perhaps for some of you, the book may be a real challenge to your faith. You have never really looked at what the Bible says about stewardship. Regardless of which group you may be in, please pray that God will speak to us during these next several weeks and that He will be glorified.

I hope to see each of you this coming Lord's Day morning when the First Christian Church gathers for worship.

David

Sound Room Volunteers

Help Needed

It takes a lot of people to help a church function properly. Sometimes we do not realize just how much help is needed because so much of the work is done behind the scenes.

We do appreciate those people who operate our sound and video systems each Sunday. We are in **need of more volunteers** to help with this important ministry.

If you think this might be an area in which you can serve, please let Jon Zerker or the office know. You can be trained to operate these systems.

Also needed are volunteers to compile the power point presentations for the song service. Jon has a library of several hundred songs that would be used in these presentations. Often it is just a matter of copy and paste to put together the presentation. Jon has been putting the power point presentations together for several years. He needs some assistance in doing this.
